You Now Have a New Choice in Open MRI

The new open bore design of the **MAGNETOM Espree** accommodates all size patients and eliminates anxiety and claustrophobia. For many exams, your feet go in first and your head remains outside of the system. That has never been possible before in Open MRI. But most important of all, the power is 3 times greater than the conventional Open and assures that your doctor gets the most confident diagnosis.

146 x 245,5 mm (color / b & w)
