Better efficiency
Automated focus, frequency, and time gain compensation (TGC) settings help to shorten operation and exam times.

Better viewing
Expanded image display assists in enhancing screen visibility from a distance.

Better flexibility
View ultrasound images and enter patient data from your Windows® tablet with the ACUSON Freestyle™ mobile link app*.

Better design
Compact, lightweight design enables easy transportation and positioning.

Better timing
Expedited boot-up time gives you “on-demand” access in approximately 30 seconds.

Tailored clarity
Advanced Pixelformer™ technology produces uniformity and clarity throughout the entire field of view.

Tailored clarity
Advanced Pixelformer™ technology produces uniformity and clarity throughout the entire field of view.

Tailored technique
Integrated transducer controls enable remote operation of all imaging parameters.

Tailored technique
Integrated transducer controls enable remote operation of all imaging parameters.

Work, Better
