

Call for Participation

Innovation Management & Leadership Certification Programme 2017 at Siemens Healthcare Pvt. Ltd., Goa

Innovation Think Tank Department of Siemens Healthcare is organizing Innovation Management & Leadership Certification Programme, aiming to develop innovative solutions for real world problems in healthcare sector.

Students from the disciplines: Engineering(B-Tech / M-Tech/ MMST), Management (BBA or MBA), Medical (MMBS/ MD, Radiology, Nursing) can apply. Selected students will be invited for five days certification course on Innovation Management organized at Siemens Healthcare, Goa.

Eligibility:

- Innovative, creative thinking and out-of-the-box perspective
- Good at quick problem identification, optimizing the solution and time management
- Team spirit and leadership quality
- Should be a bonafide student of specified disciplines from any university in India
- The participants from previous year's management workshop can also apply if they are still bonafide students (only 10 students would be selected from this category)

Event Overview:

Initial 2 days of the programme includes ; training on innovation management theory and methodology, Siemens Healthcare Factory Visit , Knowledge about various Siemens Healthcare Products, Interaction with Employees and Hospital visits for understanding the practical scenario. Based on the training, the students would be given a team task, to come up with out-of-the box solutions to solve one of the many demanding topics in global healthcare sector.

Awards:

- Five day innovation management and leadership training
- All participants will receive a certificate of award
- Students, who have already completed our previous Innovation Certification Programme in India/Germany/Turkey/China, if selected, would be awarded with "Innovation Leadership Certification".

- The 3 best teams will additionally receive a financial award
 - First Prize – 15000/- INR
 - Second Prize – 10000/- INR
 - Third Prize – 5000/- INR

Application Process:

No. of positions : 30

Applications are invited along with the applicant's CV and innovative concept formation about the following topics :

- Point of Care diagnosis challenges & solutions
- A solution for any of the current issue in healthcare system, using your field of knowledge.

Minimum two concepts/solutions should be explained with the following details:

- Problem statement/ Challenge/ requirement of the concept
- Designs/schematics/sketches/flowcharts if any
- What is new in your concept compared to the existing technology/scenario
- Feasibility of your concept

The applicants can apply individually or as a team of maximum 3 members. The team members need not to be necessarily from same stream or institution. This is only for selection process. The team formation during the workshop shall be decided by us. The applications should be send to the following email id:

thinktank.innovation.in@siemens.com

The participation within the program would be assured based on first come first serve principle so do not wait for the last day for registration. Also knowing the participants will help us in a better planning of the event and participating teams.
