How to Re-register Patient — 
Into Same Study

1. Go into Patient Browser – single click on patient’s name. Now single left click on Patient Folder (folder to the right of the patient’s name).

2. Go to the tool bar on the browser and single click on “Patient Registration.”

3. Patient registration page opens. Be sure that all data is correct.

4. Select “Exam” at the bottom of the page.

5. The patient is now active again and additional scenes can be added to an existing study.
