Ysio: Building a List of Text Annotations

1. Post Processing Task card > Graphics Sub-task Card.

2. Select “Enter Text and Comment.”

3. Type the annotation in the box and highlight it with the mouse.

4. Use the down arrow to open the dropdown.

5. Move cursor over an open space OR move cursor over the annotation above where you want your annotation to go.

6. Select insert on the keyboard.

7. To delete: Select the text from the list and select delete on the keyboard.
